Discovering the best in all

Dear Parents/Carers,

This letter is to inform you about our use of two online learning journals at Barns Green Primary School.

Tapestry allows us to make observations for your children where we can attach photos and videos, as well as include assessments which we can use to track children's development and progress.

Tapestry securely stores all the data we input to our account on their servers. If you want to find out more information about how Tapestry keeps our data safe and secure, you just need to go to <https://tapestry.info/security.html>.

Seesaw allows children to create and upload their work to document their learning.

Seesaw only uses first names to create individual pupil accounts. Children may store personally identifiable information, like names, and photos, videos or voice recordings they have made themselves. Seesaw has a thoroughly robust privacy policy which is GDPR compliant (<https://app.seesaw.me/about/privacy>) and has committed never to share your child's personal information or journal content.

Please could you sign the slip below to give your permission for us to create these accounts for your child.

If you have any questions or queries about this, please get in touch with the office by emailing office@barnsgreen.org.uk.

Many Thanks,

Amanda Thorne and Jo Rogers
